

Dear Sir,

Thank you for your inquiry.

We have carried out verifications and concluded that, having passed a basic wrestling trainer/coach degree at the Hungarian University of Physical Science, Mr Bacsa presents at as such and in no case pretended it to be a BA or MA from that university. The resume form published on the UWW website reflects these facts.

From the UWW side, this case is closed and will not be investigated further.

Best regards,

Carlos Roy
